

SOLOMILLO, Charcutería, Carne al Peso

Taste a new gastronomic discovery, divided in two floors:

Upstairs, Solomillo reinterprets the brasserie, a place to enjoy a simple formula: meat by weight. Guests choose everything, the breed, temperature, the delicious sauce or garnish. Enjoy splendid ingredients from our own vegetable garden and excellent service.

Downstairs, our Charcuteria Bar offers you a unique setting to enjoy the best delicatessen local products with a drink or bite to eat at any time. The best international and local cold cuts, tapas / snack..

Spaces are styled by notable designers as an exhibition of classical and contemporary Spain. The atmosphere, in another time period, would have made it a classic restaurant of the city.
